If the gauge has been moved during the year state—

Date.	Distance.	Direction.

How was the height above sea level ascertained?

How many inches of rain will the gauge hold without overflowing? ……………………

What are the nearest objects to the gauge, and what are their heights and distances?

Objects.	Height.	Distance.	Direction.

What is the nearest parish church?

Name.	Distance.	Direction.

If you know of any records not quoted in *British Rainfall*, please mention the stations and the observers' names.
